10 June 1971

25X1A

MEMORANDUM FOR:

Chief, Operations School

25X1A

THROUGH :

Deputy Chief, Staff Training

SUBJECT :

Achievement and Planning Information

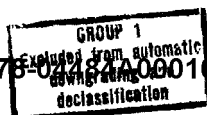

1. Replies below and keyed to paragraphs of Memo 4 June,
Subject same as above:

a. While I believe these items probably irrelevant to the
question, the following are enumerated:

- (1) I have been assigned responsibility to survey
possibilities for narcotics oriented training
of CS officers.
- (2) I have become a frequent participator (as an
actor) in the Interrogation Course.
- (3) I have terminated my frequent appearances in the
Vietnam Orientation Course (on: "The Communist
Intelligence and Security Services in Viet Nam)
as my information is becoming outdated, but more
significantly it is my opinion that a qualified
analyst with the necessary knowledge should be
developed from VNO resources, as it is their
responsibility to perform this analysis. I expect
to call upon the (hopefully) developed resource for
presentation in the CI Operations and Survey
Courses.
- (4) As a negative report, changes made in both the
CI Survey and CI Operations Course happened before
FY 1971, and in any case were changes in direction,
not in manhours, participators, etc. We have used
some OTR instructors in segments I have inserted into
the course, but they are not direct turnovers for
presentations from other elements of the Agency. I
have never used outside talent. I have not started,
nor do I plan films.

- b. While I intend to continue to make rolling changes in direction and content of both courses, they will not result in either major changes in manhours or material expended nor in functional support to the DD/P.

2. Although not asked in the questions, we may note that I consulted with and had a major effect upon the current formation of the Counterintelligence portion of the Officers Advanced Course at the Defense Intelligence School, through informal liaison with the school personnel. We may expect that they will request our assistance in the future.

25X1A

Chief Instructor
